

# BELIEVE. BUILD. BECOME.

ABGLP BATCH OF 2021

# PROGRAM OVERVIEW

The Aditya Birla Group Leadership Programs (ABGLP) develop and build an internal pipeline of high capability next generation leaders to take on large roles within the Group. Candidates are exposed to multiple businesses, geographies, and functions to gain the perspectives required to lead businesses and/or corporate functions.

The programs were launched with the inception of the Group Management Trainee (GMT) program in 1996. Over time, the GMT program evolved and in 2007 the LEAD/LEAP program was created. In addition to LEAD/LEAP which targeted candidates interested in pursuing a career in general management, functionally oriented programs were developed for Human Resources (HRLP) and Finance (FLP) in 2013.

The journey that each participant undergoes is unique and crafted carefully to ensure that each participant is able to build on prior management and leadership experience. Our participants are given consistent engagement with senior business leaders through various forums to ensure that knowledge and technical know-how is passed on from current incumbents to future leaders.

Participants are held to the highest standards of performance and are expected to consistently deliver superior results on the job that make a difference to the organization at large. Members of the ABGLP cadre are expected to be the ambassadors for high performance, Group values, and ethics.
